HIPPO 2023 ESSAY WRITING CONTEST

WINNER'S PRIZES

- The winners of each category will receive Future Success 1 or 2 (depending on their category) and Crosswords e-books.
- Second place winners will receive the Crosswords e-book.
- Third place winners will receive free-of-charge enrolment in Hippo 2024.
- Finally and most importantly, all the essays written by the students who have participated in at least one Hippo edition will be published without being edited or corrected in the Hippo Memories Book to be used as a diagnostic tool for the teachers around the world.

HIPPO MEMORIES BOOK

The book will contain all the submitted essays of all the students worldwide, as long as the student has ever participated in the Olympiad. It will be divided into chapters per category and per country with analyses of the most common errors (in terms of grammatical, textual, functional and sociolinguistic knowledge) the students from a specific country and worldwide make. That way, both the students preparing for Hippo and teachers in different countries can use it as a diagnostic tool to help the students master what they are missing to enhance their English language performance.
